

YOU Are The Reason We Are Here!

Over 100 years ago, rural residents banded together to support the growth of our community telephone system.

1996 - overwhelming numbers of co-op MEMBERS chose Hay's newly launched internet service, forging together into a connected world.

In 2018 you continue to choose our services over the competition.

... Hay Remains Viable.

Thank You!

Our Mission

Hay Communications will provide progressive global communications and other technological services to all potential customers within our growing network reach with a superior degree of customer and employee satisfaction.

"We will continue to have a profound impact on the economic and social development of our communities." Angela Lawrence, General Manager
