

We are proud to be a

Cooperative
Since 1994

Until November 25th, we'll give you

“25 Ways Belonging to a COOPERATIVE is Better”

#4 Coops Have a Unique Management Structure

Each member has ONE, and only one vote for bylaw changes and election of the Board of Directors.

The Board of Directors govern the overall practices of the co-operative working within those bylaws.

Since each member has only one vote, ALL members have an equal say in the co-operative.

Staff are motivated to provide quality services that benefit their communities as well as to generate profit for the co-operative.

#5 A FUN Draw! \$25 Gift Certificate for The Whole Pig – May 25th

*Terms for Draws: One winning name will be drawn from all coop members registered with Hay at the time of the draw. Extra ballots can be attained by liking the facebook draw post or filling in a ballot at one of our two office locations. An attempt to contact the winner will be made using billing contact information where available. If a response is not received within 24 hours, another name will be drawn.
Reason #1: Get to Eat Cake (at the Annual meeting in April), #2: Better Financial Structure (on Facebook) & #3 Draw for a Silver Coin (on April 25th All Coop members were included.)*

New Channel Launch

\$6 in the Extreme Sports package with Discovery Velocity, Game+, Fight Network & HPitv (Horse Racing) or \$3 as a Pick'n Pay

Channel #422

MAVTV is a television network with its roots deep in the automotive world. MAVTV offers an unparalleled line-up of exclusive motorsports, that includes prestigious events such as the Chili Bowl, The AMA Pro Motocross series, the Lucas Oil Challenge Cup and NHRA Drag Racing. But MAVTV goes far beyond the national mainstream events and also covers multitudes of grassroots series' from across the globe: Drag boats, sprint boats, drag racing, pro pulling, rally racing, drifting, dirt racing, ice racing and everything in between. MAVTV also knows you don't have to be a race fan to be an automotive enthusiast, which is why we have developed a package of automotive reality and custom build shows that is truly second to none. If it has a motor it's on MAVTV... MAVTV is THE motorsports network.

It's ALL on www.hay.net

- Motorsports events
- Exclusive automotive reality shows
- The Dave Despain Show
- Full Custom Garage

Because They've Worked So Hard
Now's the time for a new phone.

Choose a \$75 handset credit OR choose to spread the up-front cost over 6 months.*

If you have another eligible Hay service when you add cell, we'll give you 7% off your cell bill every month. Up to 15% off in bundling discounts with more eligible services.

Offer ends June 28th, 2019. A new 2 year term is required with a minimum \$105/mo. for a Premium Smartphone Plan, \$95 for a Smartphone Plan, \$115 for a Premium Smartphone Plus Plan, \$125 for a Premium Smartphone Ultra Plus Plan. Includes 1 GB of Data. An approved credit rating or account standing is required to spread the payments. Deposit may be required for a new account activation.

We carry a full line of Apple handsets

Cactus Fence NOT AN OPTION?

Not prepared to stab holes in yourself installing a cactus fence to secure your property? Or maybe just running your own wiring and doing a lousy security equipment installation makes you squeamish. AMP Security professional installers have the right tools and know-how for a clean, worry-free installation.

Quit poking holes in your fingers and your walls, call AMP Security
