When you choose a live program you'll get the option to **RESTART** the program from the beginning. **REPLAY** allows you to watch previously aired live programs for up to 36 hours after it played\*.

You can watch Hay Xstream TV anywhere in your home on a television, mobile device or a web browser.

Set-top box rentals are not required with Xstream TV, but we still offer a traditional style STB you can rent. There are many streaming devices that are supported. Mix it up and have some of each.

Supported Devices Include: Amazon Fire TV, Apple TV, android players and Smart TV's. iOS and android mobile devices. See an up-to-date detailed list at [www.hay.net/support/#tv](http://www.hay.net/support/#tv)

Content Searches through menu screens are in POSTER format. Search by Movies, Shows or by Genre.

## You can install Xstream TV yourself.

Once your account is set up, you can download the app on any supported device. If you get a new device it is easy to get set-up.

You will need to register for Hay Xstream TV and login once on each device. You will be provided a registration link, then you simply complete the registration, download the app on your supported device, login and watch. There are videos and guides to help you discover fun features on your new TV service.

## Streaming services come with streaming packages.

We offer 3 package levels - Light with 2 streams, Moderate with 3 streams and Pro with 4 streams. Four is the maximum number of streams allowed per account. Usually the number of set-top boxes you currently rent is a good indication of the package you will need. There are thirty eight essential channels included with EACH streaming package.
