

## Immediate Release – South Huron

Hay Communications is excited to present our New Exeter Office Location. After 10 years of enjoying the Thames Road facility, we were bursting at the seams due to an increase in our customer base in Exeter and other areas we serve to the east and south.

The "Old OPP Station" was the perfect location for our office staff, as well as equipment and vehicles. We were happy to rejuvenate the empty building in the north end of Exeter. It will now service Hay for many decades as it served the Ontario Provincial Police - although in a very different way. Unfortunately, we had to remove the historic elements of the building and some may not recognize it without the bars and stainless facilities gone. We think the front airy entranceway is now a welcoming place for our current and potential customers.

The building will house 4 full-time Customer Service Reps, 3 Installation Technicians and a couple of management staff. Hay continues to offer customer service at both the Grand Bend and the Zurich offices. We have tried to position our offices for the best convenience of all our customers.

On October 4<sup>th</sup> we celebrated the opening of our new location on Main Street North in Exeter with a grand opening. We want to thank Doug Geoffrey Construction Ltd. and their staff for their outstanding professional work on all aspects of the renovation. To our many new business neighbours, Kentucky Fried Chicken, the Exeter Masons, McDonalds and others, we hope to fit in with ease and add a new level of vitality to the area.

The open house was a fun event with a bouncy castle for the kids, a BBQ, live entertainment and refreshments as well as Apple TV door prizes and a few "Breaking Out" T-shirts and can coolers. There will be some can coolers available to give away at the Exeter office while supplies last. "Thank you to our loyal customers for their continued support, which has allowed us to thrive and grow in this community" Angela Lawrence, General Manager.
